Each month is to roll over to the next. Whatever we begin in January you are to continue or add in February and so on, not forgetting the declarations of each month. The premise of the LFB Monthly Challenge is to diligently be obedient by working in the community, working within yourself, working to show others the God in you and to lead by example. We need to examine how proactive we can be by helping others while indirectly helping ourselves. We must challenge ourselves to become sensitive towards the needs of others, obey God's every command, remember that he has power, that there is a promise, that he is always there and present. Don't wander in the wilderness do the work now!
